This is a complaint to the Calgary Assessment Review Board in respect of a property assessment prepared by the Assessor of The City of Calgary and entered in the 2012 Assessment Roll as follows:

**ROLL NUMBER: 067020008**

**LOCATION ADDRESS: 700 4 Av SW**

**FILE NUMBER: 65953**

**ASSESSMENT: \$39,390,000**

This complaint was heard on September 5, 2012 at the office of the Assessment Review Board located at Floor Number 3, 1212 – 31 Avenue NE, Calgary, Alberta, Boardroom 9.

Appeared on behalf of the Complainant:

- *C. Hartley, Colliers International Realty Advisors Inc.*
- *A. Farley, Colliers International Realty Advisors Inc.*

Appeared on behalf of the Respondent:

- *A. Czechowskyj, City of Calgary Assessor*

**Property Description:**

[1] The subject property is a Class “B” office building located in the west part of downtown Calgary (DT2) at 700 – 4 Ave. SW. It is currently assessed at \$39,390,000 or \$163.28 per square foot (\$163.28/sf).

**Issues:**

[2] Is the assessed rent rate correct at \$14/sf?

**Complainant’s Requested Value:** \$36,760,000

**Board’s Decision in Respect of Each Matter or Issue:**

**Evidence and Arguments**

[3] The Complainant, Colliers International Realty Advisors Inc., represented by C. Hartley and A. Farley, argued that \$14/sf was not representative of the market rental rate for the subject property. \$13/sf was recommended as a more accurate rate.

[4] The Complainants presented a list of leases from the subject building with a weighted rent rate mean of \$12.87/sf. Further, they presented a list of equity comparables (C1 p21) with a weighted rent rate mean of \$13.35/sf for 2011 leases, \$13.53 for all leases.

[5] The Complainants also presented a list of sales of downtown “B” office properties from 2006 to 2008 which sold for a median value of \$314.88/sf, thereby demonstrating a capitalization (cap) rate of 8.35%. The Complainants stated that the current cap rate of 7.5% is reasonable.

[6] The Respondent, A. Czechowskyj, presented a collection of Assessment Requests for Information (ARFIs) for leases and a list of Downtown Office “B” Class Rent Equity Comparables (R1 p48,49) to support the \$14/sf rental rate used by the City in its assessments of “B” office buildings. Mr. Czechowskyj also presented a list of sales (July 2010 to August 2011) of “B”, “B-” and “C” downtown office buildings with sale prices ranging from \$162/sf to \$391/sf (R1 p82).

[7] The Complainants suggested that the list of comparables (C1 p19) which they presented was an accurate representation of the subject building. They argued that the weighted mean of the leases presented by the Respondent was skewed by the University Centre, which rents for \$24/sf and that this building should be excluded from the calculations because it is an outlier.

[8] The Complainants also stated that some of the sales presented by the Respondent were not examples of Market Value.

**Board Findings**

[9] The Board found that the lease evidence presented by the Complainant was selective and did not give it weight in the decision. The rent rates in the City Equity argument (R1 p44, 45) have a median of \$14.00/sf. If the outliers from the top and bottom of the list are removed, that median remains consistent.

[10] The sales presented to the Board by both parties supported the current assessed value. These sales were not definitive of the value, but indicated that similar properties were selling at a value well above the assessed value of the subject.

[11] For these reasons, the Board supports the current assessment.

**Board's Decision:**

[12] The Board confirms the assessment at \$39,390,000.

DATED AT THE CITY OF CALGARY THIS 5<sup>th</sup> DAY OF October 2012.
