R. Kodak, MEMBER***

This is a complaint to the Calgary Assessment Review Board in respect of a property assessment prepared by the Assessor of The City of Calgary and entered in the 2011 Assessment Roll as follows:

ROLL NUMBER: 027120005

LOCATION ADDRESS: 33 Castleridge BV NE

HEARING NUMBER: 64090

ASSESSMENT: \$13,660,000

This complaint was heard on the 7th day of September, 2011 at the office of the Assessment Review Board located at Floor Number 3, 1212 – 31 Avenue NE, Calgary, Alberta, Boardroom 9.

Appeared on behalf of the Complainant:

- K. Fong

Appeared on behalf of the Respondent:

- S. Powell

Board's Decision in Respect of Procedural or Jurisdictional Matters:

The parties and the Board agreed that the evidence, argument and rebuttal with respect to the issue of the correct capitalization rate to be applied in calculating the assessment of the Community/Neighborhood Shopping Centre(C/NSC), property located at 2929 Sunridge WY NE; would also apply to each of the other NE Calgary C/NSC property assessment complaints, to be heard by this panel of the Board. The affected properties are located at 3221 Sunridge WY NE, 33 and 55 Castleridge BV NE, and 10 and 850 Saddletowne Circle NE.

Property Description:

The subject property is 8.75 acre parcel, improved with 66,130 square feet (sf) of retail space, known as Castleridge Plaza. The retail space includes Super Market space of 53,436sf, CRU space of 2,474sf, Bank space of 5,737sf, a pad restaurant of 3,823sf, and non-retail mezzanine space of 660sf. The current assessment was prepared using the capitalized income approach to value at \$13,660,000(rounded).

Issues:

What is the appropriate rental rate to be applied to the Bank Space?

What is the appropriate rental rate to be applied to the Restaurant Space?

What is the appropriate rental rate to be applied to the CRU Space?

What is the appropriate capitalization rate to be applied to the Net Operating Income(NOI) of the subject property?

Complainant's Requested Value: \$12,880,000(rounded)

Board's Finding in Respect of Each Matter or Issue:

What is the appropriate rental rate to be Applied to the Bank Space?

The Board finds that the appropriate rental rate is \$29 psf.

The Respondent presented a Bank Lease Rate Study conducted in 2011. The study identified that Bank space lease rates could be stratified by the time period during which the space was constructed. Properties, such as the subject, constructed between 1990 and 2004, had typical lease rates in the range of \$29psf. The complete breakdown is presented on pages 29, 30 and 31 of Exhibit R1. The Complainant requested a lease rate of \$26 psf, which is typical of bank space constructed between 1980 and 1989.

What is the appropriate rental rate to be applied to the Restaurant Space?

The Board finds that the appropriate rental rate is \$30 psf.

The Complainant submitted the assessed rental rates of several pad site restaurants located in various locations, which ranged from a low of \$23 to high of \$28psf, in support of the requested rate of \$28psf for the subject property. The Respondent submitted an additional four, all located in reasonable proximity to the subject in the NE, and all assessed at \$30psf. Neither party submitted evidence of market leases for pad site restaurants.

What is the appropriate rental rate to be applied to the CRU Space?

The Board finds that the appropriate rental rate is \$25 psf.

The Complainant requested that the assessed rental rate for the CRU space in the subject property be reduced to \$23 from \$25psf. The request was based on the assessed rental rate for CRU space within a competing property located at 55 Castleridge BV NE. The Respondent noted that the CRU space within the subject property was constructed in 2003, while the CRU space in the property submitted as comparable was constructed in 1991. Neither party submitted evidence of market leases for CRU space.

What is the appropriate capitalization rate to be applied to the Net Operating Income(NOI) of the subject property?

The Board finds that the Complainant presented sufficient evidence to shift the onus of proof to the Respondent. The Respondent was unable to demonstrate that a cap rate of 7.25% yields a better estimate of market value for the subject property than a cap rate of 7.75%

The Board also finds that previous Board decisions regarding the 2011 typical C/NSC cap rate were the result of very different evidence and argument.

The Complainant embarked on an exhaustive analysis of the sales, assessments, and assessment to sales ratios (ASR) used by the Respondent in support of the typical cap rate of 7.25% applied in the 2011 income approach to value assessment estimates for C/NSC properties in Calgary. The Complainant requested that a 7.75% cap rate be applied.

With respect to the sales, there were eight (8) submitted by the Respondent. When the analysis of the Complainant was concluded, only five (5) remained viable for purposes of identifying a typical cap rate. The Respondent was unable to defend retention of the three (3) sales questioned by the Complainant. When only the five (5) remaining sales are included in the analysis, the mean cap rate is 7.91% and the median is 7.81%.

The Respondent presented no evidence on the typical rates used to support the assessments of the sale properties, and therefore the cap rate and ASR results were also given little weight. The Complainant arguments and evidence regarding alternative typical rent rates were sufficient to meet their need to cast doubt on the assessment values calculated by the Respondent, and meet onus.

Board's Decision: The assessment is reduced to \$12,780,000(rounded), based on the typical NOI of \$990,706, calculated by the Respondent; capitalized at 7.75%.

DATED AT THE CITY OF CALGARY THIS 19 DAY OF October 2011.

T. B. Hudson
Presiding Officer

APPENDIX "A"**DOCUMENTS PRESENTED AT THE HEARING
AND CONSIDERED BY THE BOARD:**

NO.	ITEM
1. C1	Complainant Disclosure
2. C2, 2 (a), 3, and 4	Complainant Rebuttal
3. R1	Respondent Disclosure

An appeal may be made to the Court of Queen's Bench on a question of law or jurisdiction with respect to a decision of an assessment review board.

Any of the following may appeal the decision of an assessment review board:

- (a) the complainant;*
- (b) an assessed person, other than the complainant, who is affected by the decision;*
- (c) the municipality, if the decision being appealed relates to property that is within the boundaries of that municipality;*
- (d) the assessor for a municipality referred to in clause (c).*

An application for leave to appeal must be filed with the Court of Queen's Bench within 30 days after the persons notified of the hearing receive the decision, and notice of the application for leave to appeal must be given to

- (a) the assessment review board, and*
- (b) any other persons as the judge directs.*
