### **PROCEDURAL MATTERS**

Upon questioning by the Presiding Officer, the parties indicated no objection to the composition of the Board. In addition, the Board members indicated no bias with respect to the file.

All parties giving evidence during the proceedings were sworn by the Board Officer.

## **PRELIMINARY MATTERS**

The parties agreed that all evidence, submissions and argument on Roll # 8480097 would be carried forward to this file to the extent that matters were relevant to this file. In particular, the Complainant chose not to pursue arguments with respect to the evidence he had provided regarding the income approach to value.

The Complainant and the Respondent presented to the Board differing time adjustment figures for industrial warehouses based on the Complainant's submission that some data used in the preparation of the Respondent's time adjustment model was faulty. The Board reviewed the data from the Complainant used in the preparation of his time adjustment figures and was of the opinion that the data used was somewhat questionable (Exhibit C-2). In any event, the differences between the time adjustment charts used by the parties for industrial warehouses were small and in many cases of little significance. Therefore, the Board has accepted the time adjustment figures used by the Respondent.

## **BACKGROUND**

The subject property is a medium warehouse built in 1968 and located in the Queen Mary Park subdivision of the City of Edmonton. The property has a total building area of 33,981 square feet with site coverage of 60%.

## **ISSUES**

The Complainant had attached a schedule listing numerous issues to the complaint form. However, most of those issues had been abandoned and the issue left to be decided was as follows:

- Is the assessment of the subject property fair and equitable when compared to assessments of similar properties?

## **LEGISLATION**

***The Municipal Government Act, R.S.A. 2000, c. M-26;***

*s.467(1) An assessment review board may, with respect to any matter referred to in section 460(5), make a change to an assessment roll or tax roll or decide that no change is required.*

*s.467(3) An assessment review board must not alter any assessment that is fair and equitable, taking into consideration*

- a) the valuation and other standards set out in the regulations,*
- b) the procedures set out in the regulations, and*
- c) the assessments of similar property or businesses in the same municipality.*

## **POSITION OF THE COMPLAINANT**

The Complainant presented seven equity comparables ranging in value from \$68.44 to \$91.64 per sq. ft. with an average of \$83.57 per sq. ft.

The Complainant argued that based on the equity comparables presented, the indicated value of the subject is \$86.99 per sq. ft., and based on this amount requested a reduction of the assessment to \$2,956,000.

### **POSITION OF THE RESPONDENT**

The Respondent presented six direct sales comparables ranging in value from \$101.49 to \$136.96 per sq. ft.

The Respondent further presented seven equity comparables ranging from \$89 to \$100 per sq. ft. Three of the seven comparables were the same as the Complainant's assessment comparables.

### **DECISION**

The decision of the Board is to confirm the current assessment at \$3,212,500.

### **REASONS FOR THE DECISION**

The Board is of the opinion that when determining a question of fairness and equity alone, the assessment equity comparables must meet a high standard of comparability.

The Board is of the opinion that both parties are within approximately 5% of the assessed value of the subject when most similar equity comparables are analyzed. Therefore, the Board confirms the current assessment.

### **DISSENTING OPINION AND REASONS**

There was no dissenting opinion.

Dated this 4th day of November, 2010, at the City of Edmonton, in the Province of Alberta.
