PROCEDURAL MATTERS

Upon questioning by the Presiding Officer, the parties indicated no objection to the composition of the Board. In addition, the Board members indicated no bias with respect to the file.

All parties giving evidence during the proceedings were sworn by the Board Officer.

PRELIMINARY MATTERS

The parties agreed that all evidence, submissions and argument on Roll # 8480097 would be carried forward to this file to the extent that matters were relevant to this file. In particular, the Complainant chose not to pursue arguments with respect to the evidence he had provided regarding the income approach to value.

The Complainant and the Respondent presented to the Board differing time adjustment figures for industrial warehouses based on the Complainant's submission that some data used in the preparation of the Respondent's time adjustment model was faulty. The Board reviewed the data from the Complainant used in the preparation of his time adjustment figures and was of the opinion that the data used was somewhat questionable (Exhibit C-2). In any event, the differences between the time adjustment charts used by the parties for industrial warehouses were small and in many cases of little significance. Therefore, the Board has accepted the time adjustment figures used by the Respondent.

BACKGROUND

The subject property is a single storey medium warehouse built in 1966 and located in the Rosedale Industrial subdivision of the City of Edmonton. The property has a building area of 17,000 square feet with 18% site coverage.

ISSUES

The Complainant had attached a schedule listing numerous issues to the complaint form. However, most of those issues were abandoned and only the following issues remained for the Board to decide:

- What is the typical market value of the subject property?
- Is the assessment of the subject property fair and equitable in comparison with similar properties?

LEGISLATION

The Municipal Government Act, R.S.A. 2000, c. M-26;

s.467(1) An assessment review board may, with respect to any matter referred to in section 460(5), make a change to an assessment roll or tax roll or decide that no change is required.

s.467(3) An assessment review board must not alter any assessment that is fair and equitable, taking into consideration

- a) the valuation and other standards set out in the regulations,*
- b) the procedures set out in the regulations, and*
- c) the assessments of similar property or businesses in the same municipality.*

POSITION OF THE COMPLAINANT

The Complainant presented four direct sales comparables ranging in time adjusted values from \$92.81 to \$124.30 per sq. ft. (C-3ss, page 12).

The Complainant further argued that the subject property should receive a 10% downward adjustment as the subject is configured perpendicular to the road.

POSITION OF THE RESPONDENT

The Respondent put forward four sales comparables ranging in time adjusted values from \$145.78 to \$164.17 per sq. ft. Sale # 1 which was considered the best comparable, with similar building size and site coverage, indicated a price of \$157.48.

The Respondent also presented eight equity comparables ranging in value from \$135.35 to \$166.03 per sq. ft., and argued that the assessment falls to the bottom of the range of both the sales and equity comparables.

DECISION

The decision of the Board is to confirm the assessment of the subject property at \$2,367,500.

REASONS FOR THE DECISION

The Board is of the opinion that the Respondent's direct sales comparables support the current assessment, particularly comparable sale # 1 and # 3 with similar age, site coverage and location.

Further the Board finds that applying the City's time adjustment to the Complainant's sale # 1 indicates a value of \$135 per sq. ft. which supports the value range of the subject.

DISSENTING OPINION AND REASONS

There was no dissenting opinion.

Dated this 25th day of October, 2010, at the City of Edmonton, in the Province of Alberta.

Presiding Officer

This Decision may be appealed to the Court of Queen's Bench on a question of law or jurisdiction, pursuant to Section 470(1) of the Municipal Government Act, R.S.A. 2000, c.M-26.
