This is a decision of the Composite Assessment Review Board (CARB) from a hearing held between August 23 and October 21, 2010 respecting a complaint for:

Roll Number 8976979	Municipal Address 9503 42 Avenue NW	Legal Description Plan: 7721479 Block: 17 Lot: 1-4
Assessed Value \$5,818,500	Assessment Type Annual – New	Assessment Notice for: 2010

Before:

Tom Robert, Presiding Officer
Dale Doan, Board Member
Mary Sheldon, Board Member

Board Officer:

Segun Kaffo

Persons Appearing: Complainant

Walid Melhem

Persons Appearing: Respondent

Marty Carpentier, Assessor
Tanya Smith, Law Branch

PROCEDURAL MATTERS

Upon questioning by the Presiding Officer, the parties indicated no objection to the composition of the Board. In addition, the Board members indicated no bias with respect to the file.

All parties giving evidence during the proceedings were sworn by the Board Officer.

PRELIMINARY MATTERS

The parties agreed that all evidence, submissions and argument on Roll # 8480097 would be carried forward to this file to the extent that matters were relevant to this file. In particular, the Complainant chose not to pursue arguments with respect to the evidence he had provided regarding the income approach to value.

The Complainant and the Respondent presented to the Board differing time adjustment figures for industrial warehouses based on the Complainant's submission that some data used in the preparation of the Respondent's time adjustment model was faulty. The Board reviewed the data from the Complainant used in the preparation of his time adjustment figures and was of the opinion that the data used was somewhat questionable (Exhibit C-2). In any event, the differences between the time adjustment charts used by the parties for industrial warehouses were small and in many cases of little significance. Therefore, the Board has accepted the time adjustment figures used by the Respondent.

BACKGROUND

The subject property is a medium warehouse built in 1978 and located in the Strathcona Industrial subdivision of the City of Edmonton. The building has a total building area of 63,092 square feet with 36% site coverage.

ISSUES

The Complainant had attached a schedule listing numerous issues to the complaint form. However, most of those issues were abandoned and only the following issues remained for the Board to decide:

- Is the assessment of the subject property fair and equitable in comparison with similar properties?
- What is the typical market value of the subject property?

LEGISLATION

The Municipal Government Act, R.S.A. 2000, c. M-26;

s.467(1) An assessment review board may, with respect to any matter referred to in section 460(5), make a change to an assessment roll or tax roll or decide that no change is required.

s.467(3) An assessment review board must not alter any assessment that is fair and equitable, taking into consideration

- a) the valuation and other standards set out in the regulations,*
- b) the procedures set out in the regulations, and*
- c) the assessments of similar property or businesses in the same municipality.*

POSITION OF THE COMPLAINANT

The Complainant submitted five direct sales comparables (two of which were withdrawn) ranging in value from \$56.78 to \$84.31 per sq. ft., with an average value of \$70.66 per sq. ft. (C-3a34, page 12).

The Complainant further submitted ten equity comparables (four of which were adjusted), ranging in value from \$81.65 to \$91.35 per sq. ft. with an adjusted average of \$83.41 per sq. ft. (C-3a34, page 14).

POSITION OF THE RESPONDENT

The Respondent presented nine direct sales comparables ranging in value from \$95.94 to \$136.09 per sq. ft. (R-3a34, page 17).

Further, the Respondent presented five equity comparables ranging from \$87.47 to \$98.27 per sq. ft. in support of his argument that the assessment of the subject is fair and equitable (R-3a34, page 28).

DECISION

The decision of the Board is to confirm the assessment at \$5,818,500.

REASONS FOR THE DECISION

The Board is of the opinion that the Respondent's direct sales # 6 and # 7 at \$125.16 and \$126.65 per sq. ft. respectively, similar in site coverage, size and age are good indicators of value for the subject.

Further, the Board found that the range of the equity comparables from \$87.47 to 96.07 per sq. ft. similar in most attributes to the subject supports the value of \$92.22 per sq. ft.

DISSENTING OPINION AND REASONS

There was no dissenting opinion.

Dated this 25th day of October, 2010, at the City of Edmonton, in the Province of Alberta.

Presiding Officer

This Decision may be appealed to the Court of Queen's Bench on a question of law or jurisdiction, pursuant to Section 470(1) of the Municipal Government Act, R.S.A. 2000, c.M-26.
