

HOUSING BULLETIN MONTHLY REPORT April 2009

EXECUTIVE SUMMARY

According to the Canada Mortgage and Housing Corporation (CMHC), the seasonally adjusted annual rate^[1] of housing starts decreased to 117,400 units across Canada in April 2009 from 146,500 units in March 2009. In Alberta's seven largest centres, overall housing starts totalled 794 units in April 2009, compared to 2,034 units in April 2008 (a decrease of 61 percent).

The average resale price for a single family home listed on the Multiple Listing Services (MLS) in Alberta in April 2009 fell by 7 percent, compared to this time last year. In Calgary, the average resale price for a single family home listed on the MLS, declined by 10 percent^[2] in April 2009, to \$426,311. The average resale price for a single family home listed on the MLS in Edmonton in April 2009 was \$353,386^[3], down 8.5 percent from April 2008.

The results from the *Fall Rental Market Report- Alberta Highlight*, produced by the CMHC, indicated that vacancy rates in private rental apartments in Alberta's centres, with population of 10,000 people, was 2.5 percent in October 2008, up from 1.6 percent in October 2007.

KEY HIGHLIGHTS

- For the month of March 2009, 1,227 residential building permits^[4] were issued in Alberta, in March 2009, of which 315 were in the City of Calgary and 647 were in the City of Edmonton.
- The Alberta Real Estate Association (AREA) reported that a total of 14,535 residential units were sold province-wide from January to the end of April 2009.
 - Residential unit sales decreased by 17 percent province-wide, compared to April 2008.
- The Canadian Real Estate Association released a report entitled [Economic Impact of MLS Home Sales and Purchases in Canada and the Provinces](#). The report indicates:
 - The resale housing industry in Canada generated more than 202,000 jobs, of which 27,400 were in Alberta, and an average of \$22.3 billion annually in various economic developments in the period from 2006 and 2008.
 - There were 462,734 residential properties sold across Canada through the MLS last year.
 - An average of 202,750 jobs were created in Canada, yearly, as a direct result of resale housing transactions from 2006 to 2008, inclusive.

[1] All starts figures, other than actual starts, are seasonally adjusted annual rates (SAAR), i.e., monthly figures adjusted to remove normal seasonal variation and multiplies by 12 to reflect annual levels.
