**Notes:**

The allocations for the MSI capital component and operating funding are based primarily on 2014 official population, 2014 education tax requisitions, and 2013 kilometres of local road.

The allocations for the BMTG component are based on municipal status, with Calgary and Edmonton receiving funding based on litres of taxable road-use gasoline and diesel fuel sold in the province; the remaining cities and urban service areas receiving funding based on a combination of population and length of primary highways; towns, villages, summer villages, improvement districts and the Townsite of Redwood Meadows receiving funding based on population; and rural municipalities and Metis Settlements receiving funding based on a formula which takes into account kilometres of open road, population, equalized assessment, and terrain.

Allocations from former municipalities that have been restructured are reflected in the allocation of the receiving municipality in accordance with the MSI program guidelines.
